Welcome To The New Boss

Zachary Joseph Truitt joined the insurance and bonding business on January 12, 2005 at 2:58 PM. The new-sleeker, sexier model of Truitt came into this world at 6 pounds and 10 ounces. Zach is the first child for Tony Joanne Truitt and joins cousins Jake and Maggie as the third grandchild of John & Gail Truitt.

Zach speaking his mind to hospital staff.

Mark Edwards Back From Heart Surgery

Mark Edwards, CPA, our director of operations has returned full time after undergoing surgery to repair a damaged heart valve at the end of last year. Mark, 33, has recovered fully and has received the green light from the doctor to be harassed by clients and underwriters alike. Please make him feel welcome and send him all your problems. We are certainly thankful he is back with us after such an ordeal.

New Additions To Our Staff

Corey Bush has joined Truitt Insurance Agency in our commercial services division. Corey will be responsible for new account production and will be primarily involved with small to mid-market accounts. *Cindy Herndon* has also joined our agency as an administrative assistant and will be the glue that holds us together. We are very happy to have Corey and Cindy join our team.

New Companies Come On Board For Even Better Service

Truitt Insurance Agency is pleased to announce we have been chosen to represent two fantastic carriers new to our agency. *Auto-Owners Insurance* and *FCCI Insurance Group* are

both "A" rated by A.M. Best and help us provide even more options in our efforts to better serve your personal, business, life and surety needs. Welcome aboard Team Truitt.

Gail Truitt Update

Thanks to everyone for their thoughts and prayers for Gail. Gail has been out since September undergoing treatments for Hepatitis C. Though it certainly has not been pleasant, she is doing well and is reaching the half-way point. It has been great knowing everyone has been thinking of her during this time.

INSURANCE TIP

With summer approaching and vacations being planned, remember to give your neighbor or relative a key to your house and your agent's contact information. This way, in the unlikely event there is a claim while you are gone, you can rest a little easier knowing someone is working on your behalf.

A New Way To Stay In Touch

This is our first edition of The Truitt News and we are extremely excited to find a new, fun way to stay in touch with our clients and friends. We hope you can learn a little more about our agency and all of us personally. We would also love to use The Truitt News to promote your projects, events, birthdays, birth of new children and other information to help bring new business your way. Please send us your information and we will see if we can include in upcoming editions.

Big John Flips The Calendar

John Truitt is officially getting old. While he has been ornery for most of his life, his age bracket is beginning to allow for such behavior. On February 19th, John is turning 67. He says he is signed on with us until he is 92, then we can have it. While we kid him about his age, he has actually been a pretty good guy all those years. Thanks for being such a great leader, boss, husband, father, friend and whatever else may apply to all of us at Truitt. HAPPY BIRTHDAY MR. JOHN!

A Belated Thank You

We know it is a little late, but we wanted to say thanks to everyone who helped with BOO 9! this past October at the B&A Warehouse. BOO is a Halloween party Tony Truitt co-founded with friends that has grown to be an annual fundraiser for the Leukemia & Lymphoma Society's Team In Training efforts. A special thank you goes out to Birmingham Budweiser (Monty Todd and Keith Nelson) and also to 106.9 The Point for your invaluable help. Be on the lookout for information on BOO X coming up in the next few months.
